## What is **C-THRU**?

---

C-THRU is a social media initiative which is aimed at young people and Muslims in the UK; it provides short, concise and interactive information about Islam and how it can be applied in daily life.

### **We want to help build confident Muslims!**

We post on our social media channels every day. Our content is diverse and covers various topics, often from the Quran and Sunnah, but we also share positive news and inspiring messages from current and historical figures.

We are introducing modern scholars who will answer questions and provide guidance on how we can deal with common issues and key topics in Islam.

Our content is shaped by our audience and all suggestions are welcomed. There aren't any topics which are off-limits, so if you have been curious to find out more about a topic, please get in touch and we will try to address your question in our videos.

## Our **Aim**

---

**We aim to promote better integration, harmony in society and encourage coexistence as proud British Muslims in the UK.**

We believe that by providing simple, moderate, and relevant information about Islam on social media platforms, we can help young Muslims to be knowledgeable about Islam and act as ambassadors who positively contribute to society.
